WORK EXPERIENCE

 **PayPal** April 2022 - present

GLOBAL TECHNICAL PARTNERSHIPS

- **Solutioning for Strategic Partner Platforms with impacts on 3B+ USD of PayPal's turnover.** Forging technical **B2B2C** partnerships with top-tier clients around the globe, supervising the end-to-end product integration and life-cycle with IT leaders, Head of Functions, Product Managers and Account Managers; internal C-level interactions on domain expertise.
- **Cross-Functional Leadership:** Orchestrating efforts across Engineering, Product, Tech. Support and Customer Success, **globally**, to align priorities, allocate resources, and optimize team skillsets. Managing project timelines and contributing to resource planning to support the execution of strategic initiatives beyond standard business operations.
- **Scaling new product adoption in Europe** through pilots, leading the end-to-end Project Management; negotiating technical requirements, roadmap and timelines with external function owners and C-levels.

 **PayPal** Nov. 2017 - Apr. 2022 **PARTNER SOLUTIONS**

- **Solution Design** for marketplaces and commerce platforms across shopping carts, banks and PSPs, business platforms and system integrators.
- **UX advocate and Voice of the Customer**

 **PayPal** June 2014 - Nov. 2017 **INTEGRATION MANAGER**

- **Solution & Integration** for enterprises in Italy and Europe, leading the integration life-cycle from design to implementation into the client's infrastructure
